

Pine View Pealings.

Mr. Lloyd I. Jones will be the Clipper representative in Brockton now.

He will be prepared to publish any news or notices for you and give you prices on stationery and job work.

I trust the people down there will support him and make The Clipper a Brockton paper too. Just a little get-together-spirit would be a new and interesting experience for Brockton, anyway and would help wonderfully in the already rapid upbuilding of the town.

Messrs Dan and Noah Hutchison were doing some work in the Russell cemetery here Monday.

The fence around the cemetery has been painted and the place otherwise much improved.

Uncle Tom Adams spent Monday night out at Pine View.

Why don't the farmers write to the Clipper more? They could give their experiences and exchange ideas that might be of great help.

We are very much in need of some good roads out here and unless the board issue or something gets to work on them ourselves.

Mr. Horn is moving things in a way that will leave the soil waving in the same class with the lazy bug or hook worm for he has a good stand of cotton which he is plowing.

Spring is on hand and the splash of the fisherman's rod is heard in the river.

Both mother and daughter are doing well and a hackneyed old phrase in the papers but it is a delightful new to the proud father Charles Robinson at Brockton.

Special attention is called to interview with Mr. Branson at Brockton.

After staying out on the farm for two weeks I went down to Brockton today (Friday) thinking as I had been working some I could make "arrangements" for "a splash" and found things in the city.

It was all about the hook worm. He has got more evidence than does claim to be the last.

Found Dr. Orr very busy. He examined over two hundred cases this Friday.

The people are deeply interested in curing this terrible disease. I believe great good will be done by the hook worm campaign.

Persons still doubts the value of the treatment let him talk with Mr. L. Branson (Moss).

In speaking about his case Friday he said: "The doctor was not sure that the hook worms as it has been twenty years since I had been much and did not show the symptoms of hook worm disease. Anyway I took the treatment and sure enough found I was fully infected."

Years I have been treated for indigestion. The doctors told me to starve it out. I was not able to eat certain foods and I took medicine but without any good effect. For three years past I had little energy for anything. I was easily tired and suffered from nervousness in the stomach.

One week I took the hook worm treatment and feel better now than I have in three years. I can eat anything I want. I believe in people who are treating themselves for indigestion simply have good case of hook worms."

It is the experience of one man and there are others who can tell the benefits received.

B. F. Weaver.

"I cured me," or "it saved the life of my child," are the expressions I hear every day about Chamberlain's Colic, cholera and diarrhea remedy. This is true the world over where this valuable medicine has been introduced. No other medicine in use for such general approval. The secret of the success of Chamberlain's Colic, cholera and diarrhea remedy is that it cures. Sold by All Druggists.

FOLEY'S KIDNEY PILLS

BANNER SALVE
The most healing salve in the world.

In Memoriam.

To the Worshipful Master, Wardens and Brethren of Elba Lodge, number 170, F. and A. M.

We, the committee appointed to prepare memorial expressive of the sorrow for the loss sustained by our lodge in the death of Brother, Dr. Robert L. Blue, beg leave to report as follows:

Soon after reaching his majority, Brother Blue, made application for his initiation in Elba Lodge, number 170 of Free and Accepted Masons. He was initiated on January 5, 1901. At that time the lodge was meeting monthly, and on the first Saturday of the month he was raised to the sublime degree of Master Mason, the exact date when he passed being February 2, 1901, and the day that he was raised March 9, 1901.

At no period in the history of our lodge were the requirements upon examination more strict than at this period, and Brother Blue's advancement at each successive communication of the lodge was indicative of his interest, assiduity and fidelity to the tenets of the order. He was ever a loyal and faithful Mason, imbued with respect for the ancient landmarks of the craft and exemplifying the spirit of fraternal love, which so beautifies the character and so typifies masonic worth.

Brother Blue was frail in body, and much of the time suffered from bodily illness, but his disposition was unselfish and uncompromising and, though his desire not to obtrude his sufferings upon others, many who were near to him did not know the extent of his suffering. He had to a remarkable degree gifts and talents which would have made him great in his profession if Providence had permitted an unhampered use of his powers. Struggling, as he had to, he still left behind him much achievement in skillful medical work.

The home life of Brother Blue was beautiful. To his widowed mother and other loved ones his was exemplary. But the useful and lovable ones of earth's creatures, be they young or old, must answer that last great summons, and it is not for us to attempt to explain why it is so, for we know that the Supreme Architect of the Universe "doeth all things well."

Brother Blue passed from labor to refreshment on March 14, 1911. The fraternity paid the last honors according to its worthy dead, a large concourse of sorrowing brothers taking part in this tribute of love and respect on March 15, 1911.

We, your committee, offer and move the adoption of the following resolutions:

Whereas, Brother Robert L. Blue has been called from labor to refreshment; and

Whereas, he was from early manhood till his departure from this world a true mason and a worthy member of Elba lodge No. 170, F. and A. M.;

Be it resolved:

1. That we deplore the untimely death of our beloved brother;

2. That we treasure in our hearts sweet memories of our fraternal association with him;

3. That we extend our condolences to his mother and brothers and sisters, and commend them to that All Wise Being, who alone can offer consolation and cure for grief, and who also hath balm for wounded hearts;

4. That this resolution be spread at length upon the minutes of the lodge, a copy thereof transmitted to the family of our departed brother and a copy furnished to the Elba Clipper for publication.

5. That the mourning insignia heretofore ordered at special communication be continued for the usual period.

Fraternally submitted,

J. O. English,
M. S. Carmichael,
U. J. Fuller,
Committee.

A CHAPTER OF THE SCHOONER ELBA, CASUALTIES, sailed from Havana, Cuba, for New York, March 7, 1911, believed to have encountered a storm in the Gulf and rounded Cape. No word has been heard from her by owners in New York since she left Havana.

After cutting all wire communication with outside towns four masked men dynamited the safe of the bank of Lancaster, South Carolina, Tenn., and escaped with \$3,000. In their flight they fought a running pistol battle with the cashier, Simpson, but nobody was hit.

Word has reached Prince Frederick, Md., of the drowning of four fishermen in Chesapeake Bay, off Plum Point, by the overturning of a launch. The four men and two others put out in the face of a gale to set the nets. The storm increased and the rough condition of the bay, returned to the shore and thereby saved their lives.

A rescue has captured left Miller, who shot and killed the thirteen-year-old daughter of Dan Hawkins, near Knoxville, Ky. It is reported.

Colonel Thomas Kishaw Irwin, president of the Mobile, Ala., cotton exchange, and the oldest charter member of that organization, died here this morning at the age of 76 years, being a native of that city.

On Rock Creek, Union county, Tenn., David Edwards, a mountain ear, shot and killed Jacob Miller, 38, who had escaped into the North Carolina mountains. The shooting was due to an old grudge.

A passenger by the name of R. C. Turner committed suicide on south-bound "Dixie Flyer" as the train left Waycross, Ga., over the Coast Line.

The head of a 12-inch steam pipe at a power house at Manchester, N. H., blew out, killing one man instantly and severely injuring eight other persons.

No 34

South Alabama Can Elect a Governor.

The Henry County Standard, in speaking of Hon. W. O. Mulkey for governor, says the "idea of a governor coming from the Wire Grass section is preposterous, unless we can get rid of Birmingham and north Alabama." The Standard forgets the fact that the Wire Grass section is becoming one of the strongest voting sections of the state. The population of the south Alabama counties is a white population, and the voting population is much greater than in many north Alabama counties.

The Standard also overlooks the fact that to recent years and before the disfranchisement of the black belt negroes, a governor was elected from Henry county, being the late Governor Wm. C. Oates. Barbour county has furnished several governors, one being Gov. Wm. D. Jelks, a Coffee county boy.

The Wiregrass section has many good men for governor, and there is no good reason why the next governor of Alabama should not be elected from this section.

In commenting on the fitness of Hon. W. O. Mulkey for governor, his home paper, the Geneva County Reeper has the following to say:

"In Hon. W. O. Mulkey the wiregrass puts forth one who in depth of intellect, breadth of vision, stability of character and uprightness of purpose stands second to no man in the state, and one who, should he be honored with the chief office in the gift of the electorate of Alabama, could not be dictated to by self-seekers or deflected from the path of duty by fawning sycophants."

Thirty Days in Jail and \$300.00 Fine.

Hon. C. W. Simmons, the distinguished mayor of Enterprise, is determined to break up the blind rig business in his town. Last week he convicted one man for two offenses of selling liquor and imposed in each case a fine of \$300.00 and thirty days in jail.

A few more such fines and sentences will stop the business of disregarding the laws, and will demonstrate the fact that our prohibition laws can be enforced.

We need more such mayors as Mayor Simmons, and he would be the right sort of man to elevate to higher judicial honors.

A Reliable Medicine—NOT A NARCOTIC. Mrs. F. Marti, St. Joe, Mich., says: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar Compound in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar Compound has many times saved us much trouble and we are never without it in the house."

City Drug Co.

Many funny things have happened down at Montgomery for the past several weeks but one of the funniest was the governor's attempt to kick his political bed fellow, Leon McCord, out of the capitol. Come to think of it Leon got there by the same method his chief did—Columbia Preze.

Tell Your Neighbors. When in need of a cough medicine to use Dr. Bell's Pine-Tar-Honey it is the best. Look for the bell on the bottle.

For All Skin Diseases. Dr. Bell's Antiseptic Salve is the best—it is a creamy snow white ointment pleasant to use and every box is guaranteed. Price 25c. at all dealers.

POPULATION BY BEATS OF COFFEE COUNTY.

We publish below figures from the census returns showing the present population of each beat or precinct in this county and for each incorporated town. The figures are also given for 1900 and 1890 so that our readers can tell just how fast we are growing.

The growth in population for the county as a whole, and for practically every beat in it has been steady and substantial for twenty years, and the showing made must be gratifying to every citizen of the county.

The town of Elba shows a population of 1,079, a gain of about 65 per cent for the past ten years when the population was 638.

The population of Enterprise is given at 2,322.

New Brockton's population numbers 328.

Enlargement of Capitol Almost Certain.

The Smith measure to enlarge the state capitol will probably be passed before the legislature adjourns. This is one of the measures recommended by Gov. O'Neal last week.

The appropriation for this purpose will be \$100,000.00. We publish the following from yesterday's Advertiser:

"The closing days of the legislature find the subject of capitol extension and enlargement much under discussion. There are many reasons for this. Several new offices have been created. The duties of several of the departments have been enlarged. All of the state offices, departments, commissions, bureaus and boards have been rapidly developing. All of these conditions loudly call for relief from the crowded condition of the state capitol, or it might be more proper to say, for the opportunity for the performance of the duties assigned."

The north wing bill, carrying an appropriation of \$100,000, passed the House of representatives on Wednesday afternoon last, and is now on the calendar of the senate with a favorable report. It has ample time for passage, and there is where it leaked out, if the trusts were so vitally interested in electing Lorimer, what was the cause?

No man or set of men are going to give \$100,000 to elect a man unless they know how that man stands in regard to measures which will effect them Lorimer must be exceedingly kind to the interests, or he would not have received such a campaign fund from that source.

It might be a good thing for congress to investigate why the "interests" were so much interested.—Montgomery Journal.

Trusts Furnished Lorimer Bribery Money.

The people have been thinking so much about ousting Lorimer from the senate till they have overlooked the fact that some one contributed that \$100,000.

Who was this much interested in electing Lorimer? Who put up such a large amount just to elect one member of the United States senate? Two well known and prominent men of Chicago say that Mr. Hines, who represents the lumber trust, was the main one to collect the contributions. The money was to be paid to a member of another well known trust. Another trust was asked to contribute but refused, and there is where it leaked out. If the trusts were so vitally interested in electing Lorimer, what was the cause?

No man or set of men are going to give \$100,000 to elect a man unless they know how that man stands in regard to measures which will effect them Lorimer must be exceedingly kind to the interests, or he would not have received such a campaign fund from that source.

It might be a good thing for congress to investigate why the "interests" were so much interested.—Montgomery Journal.

A Safe Medicine For Children. Foley's Honey and Tar Compound is a safe and effective medicine for children as it does not contain opiates or harmful drugs. The genuine Foley's Honey and Tar Compound is in a yellow package.

City Drug Co.

May be you have heard the question: "How do you want your eggs?" Under the Parks-Smith regime, it is: "How do you want your liquor?"

For better, ringworm, eczema, running sores and all skin disease Dr. Bell's Antiseptic Salve is guaranteed to give satisfaction or you get your money back—25c everywhere.

In Coffee we prefer the Carmichael and Fuller laws.

City Drug Co.

O'Neal Wants Longer or More Frequent Sessions.

Governor O'Neal last Saturday stated: "Quadrennial sessions of the legislature are a failure. Under the quadrennia system the legislature must necessarily work in haste and leave much unfinished. The legislature needs about thirty more working days to complete its task. There are still many very important matters to be disposed of."

The above are given as the words of the governor. They indicate the call of an extra session.

We do not see, however, any real occasion now for such complaint on the part of the chief executive nor do we know what are the "many very important matters" yet to be disposed of. The Parks local option law, the Smith regulation law, the drastic revenue law, and numerous appropriation measures have already been approved by the governor. It would be unwise to pass any more appropriation measures, for a depleted treasury would be the inevitable result, and will likely be as it is.

There is no use of creating more offices now for there is now room enough at the capitol for the present increased number.

A longer term of the present legislature is certainly not needed for the purpose of raising more salaries, for we think there is nothing further along this line for the legislature to do.

There may be some of the governor's friends, in line with his policies, who have not yet received appointments, but under the "excuse commission in the south" liquor bill, the governor will have the appointment of numerous season and dispensary commissioners.

But our inquiry is partly answered by the governor himself in his recommendation last week of the house and senate and which we publish in full over his own signature in another column in this issue.

He especially calls the attention of the legislature to three bills: H. B. 470, S. B. 348 and H. B. 587. One of these bills provides for building a new wing to the capitol, and another for leasing rooms for state offices at other places until the addition to the capitol can be made.

The other bill provides for a new clerk and stenographer for the governor at a salary of \$1,500 a year.

He also recommends that he be authorized to employ lawyers "to protect the interest" of the state, and to help enforce the laws.

So, we conclude, the legislature, according to the governor, needs more time to better equip and qualify Mr. O'Neal to be governor of Alabama in a manner and style more becoming to our great state.

Free Treatment For Hookworms.

The Clipper received from Dr. Orr, the following letter, and it published for the information of those interested:

Dothan, Ala., April 10, 1910.

Dear Sir,

Will you favor me by reporting in the issues of this week the fact that clinics for the free treatment of Hookworm Disease at Elba and New Brockton will be open for the last time on April 13 and 14 respectively, and that owing to the large number of cases still coming for treatment that the clinic at Enterprise will remain open every Saturday for a few weeks longer. Thanking you, I am, Yours faithfully,

J. Fraser Orr.

Four Negroes Are Lynched

Three Are Charged With Murder, and One Assault.

Ellaville, Ga., April 8.—Dawson Jordan, Charlie Pickett and Murray Burton, negroes, were lynched here early this morning. They had been accused of the murder of Newton Eason, a white man.

About 12:30 a. m. Jailer Cliff Baugh was awakened by several men, who told him they had a prisoner to put into the jail. He admitted them and was immediately overpowered and forced to unlock the cells in which the negroes were held.

They were taken to the outskirts of the town and preparations for their hanging were quickly made.

None of the negroes had been indicted for the Eason murder, but they were being held on a coroner's order. Eason was killed on the night of January 2.

Lawrenceville, Ga., April 8.—Shortly after midnight a mob of 200 masked men stormed the jail here and after attacking the sheriff and taking his keys from him secured the negro Charles Hale, arrested earlier in the night for assaulting Mrs. C. C. Williams.

of March 3, 1879.

ELBA, ALA., APRIL 11, 1911.

Coffee had some good rains last Saturday.

An Easter cool breeze has come on time.

There is money in the ground pea crop, and farmers might do well to plant an extra number of acres this year. Make some to sell.

The Butler county commissioners are going to build a \$25,000 new jail. Coffee county commissioners ought to build one with much less money.

Before the Lorimer bribery charges are fully explained, Senators Johnston and Bankhead, of Alabama, will realize their mistake in defending him in the United States Senate.

Elba has superior natural advantages. Much capital could be wisely and profitably invested here. Let it come and make Elba a real city.

Elba needs a business men's club. One was organized some time ago, but we never hear anything from it now. There is much work now for such an organization.

We have received Vol. 1 No. 1 of the Brantley Reporter. It is neat, newy and readable. We wish for the editor and business manager a most successful career in the field of journalism.

If the merchant has a good proposition for his customers, he wants them to know it and will advertise. If you do not see his goods advertised in his local paper you need not hunt him up, for there nothing for you in his line.

If you have sore eyes of any kind use Sutherland's Eagle Eye Salve. It is good for nothing but but the eyes. It is painless and harmless, and is positively the best. If you don't say so we will refund your money. Try it and then tell your neighbor. Sold everywhere, 25c a tube.

There is a bill on the calendar of the house of representatives which, if passed, will abolish the office of county treasurer. Ordinarily we would not consider this bill with any seriousness, but there is no telling what Mr. O'Neal's legislature will do yet.

Petitions are being circulated asking the court of commissioners to call an election to vote on the question of floating bonds to build good roads in Coffee. The commissioners will meet on the 29th of April to decide the question.

Congressman Hobson again predicts war with Japan. He urges the passage of his national defense bill now before congress. He may be about half right about this matter.

The 1910 census show the population of Alabama to be 2,099,816. This does not show the increase we expected.

We have the Carmichael and Fuller Laws passed during the Comer administration and the Paris and Smith local option liquor regulation laws passed by the O'Neal administration. It is now left with the voters which they will have. There is a vast difference in these laws as well as in the results to be obtained under them.

The Advertiser's Blunder.

The Montgomery Advertiser, a strong supporter of Governor O'Neal and his policies, has at last seen something in the governor, which it takes occasion to commend. No doubt, the Advertiser has yearned for the opportunity to say something in praise of Mr. O'Neal's administration. It has been frank and sincere heretofore in calling a "halt" to the governor's office appointing policy and the "political cabal," and now it commends the governor for "his courage in returning to the legislature the bill appropriating \$800,000 to the public schools of the state."

In this, the Advertiser makes a serious blunder. In last Saturday's issue, it says:

"Governor O'Neal is to be commended for his courage in returning to the Legislature the bill appropriating \$800,000 to the public schools of the State out of the general fund, and insisting that \$250,000 of the amount be made contingent upon the condition of the state treasury. The wisdom and courage of the action was emphasized by the fact that the special appropriation which called forth the message, dealing with all appropriations was for the benefit of the system of the public schools, an institution so widely popular in Alabama, that the Legislature can hardly act upon it with wisdom and moderation."

This action on the part of the governor, the Advertiser says "will be endorsed by thoughtful men throughout the state." Here again the Advertiser is wrong. Thoughtful men will rather condemn such a course. Let us see. Governor O'Neal has approved many appropriation measures. We will recount some of them. He approved the bill appropriating \$50,000 for the governor's mansion, and an additional \$8,000 a year for the governor's home expenses. A bill creating the office of secretary of the governor with an increased salary of \$8,000 being \$800 more than formerly paid to the governor's private secretary. The governor's salary was increased from \$5,000 to \$7,500 a year. The salaries of the state tax commissioners have been raised, besides many other raises in salaries. A bill providing upwards of \$20,000 a year for the new appellate court. A bill providing about the same amount for board of bank supervisors. A measure raising the annual appropriation to five normal schools from \$15,000 to \$40,000 and Florence normal school to \$80,000 a year. Also a bill increasing the annual appropriation to the nine agricultural schools from \$4,500 to \$7,500 and giving to one of these agricultural schools the extra sum of \$10,000 for building a dormitory. Large appropriations are made to the Polytechnic Institute at Auburn, the Boy's Industrial School, the Montevallo Industrial School for girls, the University of Alabama, and one new school for manual training for boys, besides an annual increase to the county high schools from \$2,000 to \$8,000. These are only some of the appropriations made, among all these and others not mentioned, none were opposed by the governor, but when the country boys and girls in Alabama were about to receive more money at the hands of the legislature for their education in the common schools of the state, Mr. O'Neal then for the first time saw great danger of a deficit, and according to the Advertiser "sounds a note of timely warning" and advises "moderation."

No moderation until the general appropriation for common schools is about to be raised from \$550,000 to \$800,000 a year, or an annual increase of \$250,000. Then the governor very "wisely" according to the wisdom of the Advertiser, appealed to the legislature for moderation, and asked that such appropriation be made contingent upon the condition of

the treasury, as Mr. O'Neal may think proper.

By making this appropriation for common schools thus contingent, Mr. O'Neal will have the right to say whether or not the schools shall receive the increase which the legislature decided proper to make. Such a contingency was made in reference to old soldiers funds during Mr. Comer's administration, and there was much complaint because old soldiers did not get what they had expected, and it seems to us that the Advertiser did not then commend Governor Comer for saving the treasury. But the Advertiser commends the "courage" of Governor O'Neal for objecting to \$800,000 a year for the country boys and girls. We don't call it "courage" neither do we commend the governor for opposing the common schools of the state.

Senator LaFollette has introduced a resolution which seeks to unseat Lorimer, or to try him again on charges of bribery. The people of Illinois and the people of the nation are not satisfied with the recent action of the senate in finding Lorimer not guilty of buying his office. Many members of the senate who voted for Lorimer have been retired permanently, and there are others who ought to be out. Alabama is not satisfied either with the vote of United States Senators Johnston and Bankhead. We need purity in politics.

A total eclipse of the sun, visible in the southern states, is prognosticated for April 28th.

It is said that the Governor used two pens in signing the Smith Regulation Liquor Bill. We suppose one was for saloons and the other for dispensary. Neither writes a good hand.

The Sound Sleep of Good Health.
Cannot be over estimated and any ailment that prevents it is a menace to health. J. L. Southern, Eau Claire, Wis., says: "I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock, my general condition is greatly improved, and I know that Foley's Kidney Pills have cured me."

Pamala
FOR
MALARIA
(Chills and Fever)
Contains no quinine or arsenic.
Hundreds of letters of tribute recommending Pamala are received.
Mrs. Theodore Nordick, 282 Second Ave., New York, writes, Oct. 1908: "For some time past my young son, age 15, has been suffering with Malaria, Chills and Fever, which came on daily at 2:30 p.m. I was therefore very glad to try your Pamala and am pleased to report that sample bottle he has had no return of the chills and fever whatever. It is a very remarkable cure."
Mrs. J. Ryan, 212 East 64th Street, New York City, writes July 1908: "I was suffering from Malaria, having attacks of chills as well as fever, nearly every other day. After trying a great many other remedies, without having had any relief, I tried your Pamala. Since taking it I have had no more chills, and I feel today very well. I only took two boxes of your remedy."
All leading druggists sell it. \$1.00 & 50c bottles.

Mr. and Mrs. F. P. Rainer and little son, James, left Monday for Panama Springs, Fla., where they will spend several days.

To Aid Farm Demonstration Work.

We publish below a recent act of the legislature of Alabama which is calculated to aid farmers and which authorizes the courts of county commissioners to appropriate annually not exceeding \$1000 for farm demonstration work in any county. The act reads as follows:

AN ACT.

To authorize courts of county commissioners and boards of revenue of any county in which the state or federal authorities shall take or have taken up the work of farm demonstration, or the organization of farm life clubs, to appropriate funds for aiding in such work.

Be it enacted by the legislature of Alabama:

Section 1. That from and after the approval of this act by the governor, the county commissioners or boards of revenue, or other bodies having similar jurisdiction of any county in which the state or federal authorities shall or have taken up the work of farm demonstration, or the organization of farm life clubs for the promotion of agriculture, are hereby authorized to appropriate for aiding in such work such sum or sums as the county commissioners or boards of revenue, or bodies having similar jurisdiction, may deem

ad-quate and necessary. Provided, however that the sum or sums appropriated shall not in any one year exceed One Thousand Dollars, and provided further that nothing herein shall prohibit the use of part or parts of such appropriation for premiums or prizes to be offered for excellence in crop production.

Section 2. All laws and part of laws in conflict with this act are hereby repealed.

Approved February 28, 1911.
Official: Cyrus B. Brown,
Secretary of State.

POOR ORIGINAL

BLEED THROUGH

165 Miners in Awful Accident

115 Are Perhaps Dead--Rescue Work Day and Night

Banner, Ala., April 18.—Approximately 115 men, most of them convicts sent up from Jefferson county, were killed in an explosion in Banner mines at 6:30 o'clock this morning.

It is yet impossible to tell with any degree of accuracy the number of men killed, but from the information that can be gathered, and the indicated condition of the mines, the total loss of life will not fall far short of 115, the estimated fatality.

The explosion seems to have been caused from powder which ignited the dust. No. 2, the new shaft, suffered the greatest damage, showing that the explosion was far underground.

The bodies are being taken out of the new shaft, three quarters of a mile from the old mine, as fast as possible, the rescue work being conducted by Chief Mine Inspector James Hillhouse, his assistants, and a corps of expert and experienced rescue men, all of whom arrived on the scene about 10:30 o'clock on a special train of the Louisville and Nashville.

By 11 o'clock more than forty men had been taken out of the mine. They reported conditions such that those remaining had only a bare chance of escaping alive. It was estimated at that time there were 125 men still in the mine.

jammed against a row of push buttons in the hallway of his apartment house, Nathan Nefzowitz, of New York, a retired jeweler, unknown, but fortunately, rang for help while struggling with a robber, and tenants arrived in time to save his life. The robber, who was armed with a heavy knife, escaped.

A cyclone which passed over Monroe county, Alabama, killed several persons and destroyed everything in its path. Owing to destroyed wire communication, details are lacking, but five dead have already been recovered.

Brig. Gen. Ira J. Bloomfield, who served with distinction in the civil war, was found dead in his chair from heart disease at his home, Monte Pile, Col. He was 76 years old.

NATIONAL The body of Duncan CAPITAL McKee, Jr., who was NOTES drowned in the Potomac river at Washington, D. C., while canoeing with fellow-students of George Washington university, was recovered. McKee lost his life after having heroically saved the lives of three of his fellow-students—Harold Keats, Reamer W. Argo and Robert L. Jones. McKee was 21 years old, a son of Colonel Duncan McKee, of Macon, Ga.

Woman's Age

often does not agree with her appearance. Pain and suffering add to the years till many women look much older than they really are.

Many women, avoiding pain by the regular use of that effective remedy, for women, Wine of Cardui, keep their youth and beauty.

Take CARDUI

Mrs. Annie Vaughan, Raleigh, N. C., tried Cardui and writes: "I was sick and worn out almost unto death. My sister finally persuaded me to take Cardui. Before I had taken five bottles I was well and strong."

Try Cardui. It is for women. Its tonic, building qualities should restore you gently to health. Thousands of women have found it to be their lasting benefit.

Try Cardui. For sale everywhere. E 47

New Wing to Capitol and Additional Clerk Hire Says O'Neal.

The following is his message sent last week to the legislature: "To the Senate and House of Representatives: 'I especially invite your thoughtful and immediate attention to three bills now pending and which are intended to give needed relief and are of great importance.'

"One of these bills (H. B. 470) provides for the erection of another wing to the capitol building. When the last addition was made to the capitol it was contemplated that so soon as the business of the state required it, and the condition of treasury would permit, there should be erected a similar addition to the northern side of the building. The business of the state of Alabama has greatly increased and it is a matter of public notoriety that the building is now insufficient to meet the requirements of the state and I take it that every member of your honorable body is convinced of the absolute need of this additional wing. It is contemplated that this wing shall be added when, in the opinion of the governor the condition of the treasury will justify it, and I earnestly urge upon your honorable body a favorable consideration of this bill and its immediate enactment into law. You have given to the state what I believe to be an excellent revenue bill and I trust that the financial condition of the state will soon be upon a firm basis and that the treasury will soon be in a condition to justify the contemplated improvement."

Wants Office Room. "One of the other measures now pending before you (S. B. 348) authorizes the governor to lease such rooms or buildings in the city of Montgomery as he may deem necessary for the use of the state or its officials until the wing by the bill above mentioned has been completed. Until the new wing has been completed the capitol building bill, as everyone knows is insufficient to meet the demands of the state and furnish to all of its officials the offices needed by them, and I sincerely trust that you will take this matter, also under your immediate consideration and see that this bill is enacted into law before your adjournment."

Additional Clerk Hire. "The other bill to which your attention is called (H. B. 537) is a bill which authorizes the governor to employ a file clerk and stenographer, whose pay shall be \$1,500 per annum. As the law now stands the governor has in his office a private secretary, a recording secretary and a messenger. The governor has at this time a stenographer on the salary of a messenger—\$900 per annum—and it is evident to all men that it is impossible for the governor to maintain in his office a competent file clerk and stenographer on such a salary. As the business of the state has increased, and the business of the governor's office has correspondingly increased, and I feel confident that it is necessary for me to call your attention to the absolute necessity for the immediate passage of this bill.

"This bill as originally introduced contained a provision authorizing the governor, whenever in his judgment he deemed it to the interest of the state so to do to employ an attorney or attorneys, to be paid out of any funds of the treasury not otherwise appropriated. Under the constitution of the state of Alabama the session of the legislature is limited to fifty (50) days and each of you who will take calm and dispassionate view of the situation will, I feel confident, agree that the bill last mentioned should be amended so as to contain this provision."

Wants Trained Lawyers. "It is impossible for any governor, no matter if he is a lawyer or not, to keep up with the affairs of

the state during the session of the legislature and pass upon the numerous bills brought to him for signature without the aid of trained counsel. It has been said that more bills have been declared to be unconstitutional since the adoption of our last constitution than had been annulled for the same reason by our courts during the entire history of the state; and this would indicate the absolute necessity for this relief. While the state has an attorney general his time is devoted exclusively to the performance of duties which are already prescribed by law, and at times, when the legislature is not in session, it is of the gravest importance to the state and to the proper execution of the laws that the governor should possess the power to employ counsel to protect the interests of the state, or to conduct proceedings instituted for the purpose of enforcing the laws.

"Emmett O'Neal, 'Governor.'"

EATS WHAT HE LIKES AFTER TAKING FREE SAMPLE

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthy of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of trying to find relief, he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kaser of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured.

Hundreds of others would gladly testify. It is a guaranteed cure for indigestion, constipation, biliousness, headaches, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, breath perfumes and other temporary relief. Dr. Caldwell's Syrup Pepsin will cure you permanently.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

Law---Dinkins.

The most beautiful wedding of the season was solemnized last Tuesday at the beautiful new Methodist Church when Mr. Wayland M. Law led Miss Mary Mildred Dinkins to the hymenal altar.

The church was artistically decorated with amilies and Easter lilies and despite the inclemency of the weather, the wedding was attended by a large concourse of invited guests.

Mrs. Eugene Hammond presided at the organ and her rendition of Mendelssohn's march was superb.

Mrs. W. H. Edmonds, of Enterprise, in her usual charming manner sang very sweetly "Oh Promise me." After which Messrs. S. H. Brock, Virgil Elmore, Claude O'Neal and Wallace Law, the groomsmen, entered the church. Next came Mrs. John Bill, Dr. Orr will not be at Elba and New Brockton again until Thursday and Friday April 27 and 28, after which the same appointments will be filled as heretofore.

At some time in the near future Dr. Orr will, with a stereopticon lecture, visit various points in the county, illustrating the principal feature of the hookworm disease and sanitation necessary to be observed if the hookworms are ever eradicated. We hope these lectures will be well attended, for we need all the information we can get on the subject.

Will Establish a Cattle Ranch. Fort Deposit, April 10—Capt. C. M. Davis, a prominent planter of West Lowlands has just received and placed with his fine herd of cows a young Hereford bull which cost two hundred dollars.

Captain Davis is having wired several hundred acres of rich bottom lands for the purpose of establishing a sheep ranch. He has already placed his order for one hundred and seventy-five ewes and twenty-five rams to stock his ranch with. Captain Davis wishes to demonstrate to the people that there is money in other things raised on the farm besides King Cotton.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by All Druggists.

Three Guilty in Cotton Fraud Cases. Aberdeen, Miss., April 12.—The government's prosecution of members of the spot cotton firm of Steele, Miller and Company, ended yesterday with the acceptance by J. H. Miller, L. C. Steele and C. H. G. Linde of instructed jury verdicts of guilty to charges of conspiracy to defraud through misuse of the mails. J. H. McKnight, was absolved of culpability and the charges dismissed.

Last night Steele and Linde, in their day among the best known spot cotton traders of the south, occupied cells in the Monroe county jail adjoining that of Miller who was imprisoned several days ago when he was found guilty on a separate indictment of circulating bogus cotton bills of lading.

Good Showing of Hookworm Campaign.

Dr. J. Fraser Orr, of the Alabama State Health Department, who is assisting the Coffee county physicians in their effort to eradicate the dangerous hookworm disease states to the Clipper that he has treated approximately 2,175 hookworm patients during the four weeks in this county.

The appropriation agreed upon by the county commissioners having been exhausted the city and county health departments have agreed to vouch for the appropriation of sufficient funds to continue these clinics for another month and it is hoped by that time that several thousand more patients will come for treatment, remember it is absolutely free to the patients.

Owing to the meeting of the state medical association in Montgomery next Thursday and Friday, Dr. Orr will not be at Elba and New Brockton again until Thursday and Friday April 27 and 28, after which the same appointments will be filled as heretofore.

At some time in the near future Dr. Orr will, with a stereopticon lecture, visit various points in the county, illustrating the principal feature of the hookworm disease and sanitation necessary to be observed if the hookworms are ever eradicated. We hope these lectures will be well attended, for we need all the information we can get on the subject.

Final Adjournment of Legislature Friday.

Montgomery, Ala., April 12.—Members of the House of Representatives will caucus on senate bills pending before that body Wednesday and Thursday. The members of the senate, believing before that they have ample time to pass the house bills now on their calendar, will rest the two remaining days, while the house decides what to do with the remaining bills. Final adjournment Friday has now been definitely decided on.

Although scores of bills were passed during Tuesday, there was but one piece of general legislation enacted that is of entire state interest. A state mining law is insured. The bill of Mr. Hollis, of Walker, was reported in the senate with amendments which make practically conform to the provisions of the Morrow bill on the same subject.

Owing to the disaster at the Banner mine, Governor O'Neal has insisted on a new mining law and there is no doubt now but that it will be enacted.

No local liquor or prohibition bills will be made laws during this session of the legislature. This was made positive when the Madison county dispensary measure was defeated. The local bill had passed the senate but it was defeated in the house.

At the morning session the bill authorizing a topographical survey of the state, advocated by Dr. Eugene A. Smith, was passed after a fight led by Judge Almon, the speaker of the house.

The next most bitter battle was on the bill to extend the term of the session judge of the Criminal Court of Jefferson county. The entire Jefferson delegation supported the bill and it was passed, though the vote on each occasion was close and was made regardless of political lines.

There was an echo in the Senate of the fight on the Rynance bill and the Governor's veto thereof when Mr. Mulkey's house bill authorizing counties in the state whose bonded indebtedness does not exceed \$50,000 to borrow not exceeding \$50,000, was called. Senator Fite objected immediately that the bill was in violation of the constitution and had his sentiments seconded by the Senator from Madison, to which Senator Morrow replied that the constitutional citations were with reference to local bills, as the governor pointed out in his message. The bill was passed by a vote of 10 to 8.

O'Neal Paroles Tiger Violators. Birmingham Age Herald. Selma, April 11.—George Campbell and Sam McFollard, two of the white men who were sentenced by Judge B. M. Miller of the circuit court of Dallas county two weeks ago to work out terms on the public roads of the county for violating the state prohibition laws were returned to their homes here this afternoon. For some days past friends of the two men have been trying to get Governor O'Neal to parole them, which he did this morning. As soon as the information was received here that the two men had been paroled an automobile was sent to the convict camp, seven miles across the river from Selma, for them and they were returned to their homes.

George Campbell was paroled on account of his age, he being about 70 years old. Sam McFollard was paroled on account of ill health.

Hobson firmly believes in preventing and prohibiting two great evils—war and the liquor traffic.

Chamberlain's Stomach and nerve tablets will brace up the nerves, banish sick headache, prevent drowsiness and invigorate the whole system. Sold by All Druggists.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle, according to directions, your money will be refunded. It is up to you to try. Sold by All Druggists.
